Statements oof Witnesses - OSWALD AND RUBY

(CROWE) Bill DeMar, a former Ruby entertainer, gave an affidavit in which he said he thought he saw Oswald in the Carousel Club the week before the assassination. This appears in 19 H 385.

A similar statement was given by William D. Crowe, Jr., also a former entertainer in the Carousel. He said he thought he not only saw Oswald there at about that time, but also thought Oswald had participated in his act. The typed copy of Crowe's statement is so indistinct that it is difficult to read with a magnifying glass. 19 H 386.
